WINNING TOUCH TENNIS 2017 SUMMER PROGRAMS

Winning Touch Tennis is proud to be known around the community for its quality instruction for all ages and levels of juniors. Building upon that tradition and reputation, we are pleased to introduce our **2017 summer programs** for every level of student. Students in our Rookies, Junior Development, Prep 1 & 2 classes, TT 1 & 2 classes are eligible for sign up and take priority over non WTT students.

WHY WTT SUMMER PROGRAMS:

- Cost-Effective - summer camps/daycare can be very expensive in our area. With a flat weekly rate and added cost like early drop off and late pick up parents can expect to pay \$400 per week or an upward price of \$4000 for the entire summer. We offer three types of payments that will beat any camp around.
- 8am drop off
- 6pm pick up
- U.S.P.T.A. certified professionals
- Hands on use of the newest HEAD, Asics and Prince products
- Full clubhouse with air conditioning
- Programs for every level of student
- Indoor camp (protection against all elements)
- Continuity with the pros that instruct your child through the winter months
- **AND MUCH MORE**

WTT SUMMER CAMP: Our summer camp is a one of a kind cost effective camp for beginners, advance beginners, intermediate and entry level tournament players. ALL students in our Rookie, Junior Development, Prep 1 & 2 and Tournament Training 1 & 2 classes are eligible for this program and are encouraged to attend multiple weeks for better results.

Rookie, Junior Development and Prep 1 & 2 students will experience fun and high energy teaching throughout their camp; without fun in any phase of life things become repetitive and boring. Students that do not experience fun within a tennis camp soon lose interest and the motivation to try. If a student is having fun within a tennis camp they absorb information and want to be on the court more and more; this is a major factor to the students' long term success in tennis.

Tournament Training 1 & 2 students will be pushed by our certified professional to help each student reach their own potential. Students will learn everything from strategy concepts for singles and doubles to stroke analysis geared towards each students' individual abilities. Our goal is to identify and define success for each student using a variety of coaching techniques. Tournament training students can expect to see:

- Fitness revolving around plyometric training and mental toughness
- Video analysis
- Match play charting
- Weekly motivational speeches
- Continuity with pros that instruct your child from the winter months
- and much more.....

A TYPICAL DAY AT OUR CAMP:

- **8-9am**
 - **Early drop off:** parents can drop students off early to help manage a busy work schedule.
- **9-12pm**
 - **Instruction to enhance and build technical skills:** with a maximum of 6 students per court, the tennis professional will provide individual attention to all aspects of the game; stroke techniques and court movement.
- **12-1pm**
 - **Lunch:** (not supplied by WTT)
- **1-4pm**
 - **Game Play and match play:** club professionals will oversee matches, provide strategy, positioning and shot selection feedback. Non-tournament level students will play all kinds of fun games to introduce the playing side of tennis.
- **4-6pm**
 - **Late pick up:** parents can pick up students as late as 6pm if needed.
